## International Section Admissions / ISGR

ISGR's international section offers the International Baccalaureate (IB) Primary Years Programme (PYP) and Middle Years Programme (MYP), taught in English.

Families meeting the international criteria may apply. All applications must be completed online with required documentation to be considered.

The school uses the OpenApply platform:

- to collect, review and monitor applications,
- to inform of admissions decisions,
- to collect additional student and parent information related to student registration and student support in the school (i.e. health information),
- to manage re-enrollment,
- to inform of important deadlines, including withdrawals, fee payments, etc,
- to collect withdrawal forms.

## International Criteria

The criteria for admission are set by the Swedish Education Act, Chapter 24 § 4. The students are prioritised in the following order:

1. The student is a resident in the Gothenburg Region for a confirmed limited period of time; or
2. The student has attended school abroad for a major part of their education and therefore has a reason to fulfil their education in an International School in the Gothenburg Region.
3. The student is currently living in the Gothenburg Region but is planning to leave Sweden for a longer period of time; or
4. The student is resident in the Gothenburg Region and speaks the language of the school daily with one or both parents/caretakers and has sufficient language skills to participate in the education.

## Application Review and Placement Process

### Application Period

ISGR offers rolling admissions, which means that applications can be submitted and reviewed at any time throughout the year if applying for the current school year. It is recommended to submit applications as early as possible.

Application period for the following academic year opens on October 1st the year before.

### Review Process and Offer of Place

The review process usually takes 2-3 weeks if applying during the term. \*

If applying for the start of the upcoming term, we recommend applying by April 31st (application for the autumn term), and by October 31st (applications for the spring term). The applications are reviewed in order they are submitted, and the places are offered well in advance before the start of the new school term. \*

\*Applies to fully completed applications.

### Grade Placement Criteria

- ISGR's international programme starts earlier than some other school programmes. PYPo/Foundation is the first year of formal schooling in the IB system.
- August 31st determines the student's grade level.
- Students entering PYPo must be five years old by the 31st of August of the year of entry, for PYP1 they must be six years old by 31st August of the year of entry, and so on.
- Students entering MYP10 are required to have previous IB/other recognised international programme experience, which is essential in completing the Personal Project and completing the demands of the MYP10 programme.

### Waiting List

While every effort is made to offer places to all eligible students, placement may sometimes be deferred due to capacity. Notification will be provided promptly if this occurs.

### Acceptance of Place

Successful applicants will be sent an offer letter with the provisional start date. The offered place should be accepted within 14 calendar days from receiving it. Once the place is accepted, an invoice and payment instructions are sent to the provided email address for private payers, or directly to the companies.

### Complementary Forms and Documents

- **Student Health Form**

Before starting school, a family is required to complete a Student Health Form, which is attached to the main application.

- **Confirmation of Registration**

Before starting school, the student's Swedish Personal Number (or proof of application) and registered residential address in the Gothenburg Region must be provided. We recommend uploading a receipt of the application submitted at the Swedish Tax Office.

## **Enrollment**

Student's status changes to 'enrolled' on their first day of school.

## **School Fee**

### **School Fee Payment**

After accepting a place, a family is obligated to cover the fees:

**Enrollment Fee**, which is applied towards the School Fee upon enrollment and continued attendance at ISGR. The Enrollment Fee is non-refundable if the accepted place is declined after acceptance. The Enrollment Fee is not transferable to the following term.

**School Fee**, which is charged on a term basis (private payers) or on a yearly basis (companies). It is a flat fee, and must be paid in full for the term, regardless of the student's start and/or end date during that term.

**Late Withdrawal Fee**, which is charged if a withdrawal is submitted at short notice.

Full terms and conditions are available in the School Fee Policy.

### **Unpaid Fees**

Overdue invoices will be referred to a debt collection agency. Unpaid School Fee invoices may lead to the termination of a student's placement at the school.

### **School Fee Adjustment**

ISGR's School Fee is adjusted yearly according to the School Board decision and indexation used by the Gothenburg Region (GR). The School Fee Policy is published by March 31st for the upcoming academic year.

### **Government Subsidies**

Municipal funding supports each student's education. To receive this funding, the school must provide the municipality with the student's name, registered address, and Swedish personal number.

If a student is not correctly registered with a Gothenburg Region municipality address at the Tax Office, the family is personally liable for costs incurred by the school and the place at ISGR will be withdrawn.

## Re-Enrollment

Re-enrollment process takes place each year in the last two weeks of April (usually between April 15th and April 30th). During the re-enrollment parents of students in grades PYPO-MYP8 are asked to either accept or decline their place for the next academic year.

The re-enrollment process ends on April 30th.

A place confirmed by April 30th comes with an obligation to cover the Enrollment Fee for the upcoming academic year, even if the place is later not taken up/declined.

A place cancellation submitted by April 30th may be revoked, in which case the application must be re-registered.

Places without status unconfirmed by April 30th are considered withdrawing. Additional fees, i.e. Late Withdrawal Fee, may apply.

## Withdrawal Procedure

### Withdrawal dates

A withdrawal form must be submitted via the student's OpenApply account by the following dates:

<b>Students leaving in the middle of a term</b>	<b>Students leaving at the end of Autumn Term in December*</b>	<b>Students leaving at the end of Spring Term in June*</b>

Full terms and conditions are available in the **School Fee Policy 2025-2026**.

## Compulsory Schooling

School in Sweden is compulsory for school-aged children ('Skolplikt'), which means that they must fully participate in the learning programme

provided by their school. Students must be present in class from their start date and absence is only permitted for authorised reasons.
